Purpose of Grant: Purchase of outdoor playhouse and other equipment

Project Details: Describe the programme, project or service for which you wish to apply for funding- we are the Huia Playgroup and our project is to upgrade the whole outdoor playground at the Huia Playground/ Huia Ratepayers Hall. So far we have had a grant and fixed the drainage problem and also payed for the area to be re barked. We held a fundraising dance and raised \$961.00 (for previous works undertaken). We look to spend that and any grant donations on a playhouse and other outdoor equipment e.g. seesaw and veggie garden. Huia playgroup is a volunteer run group. We run every Friday providing a safe, fun and stimulating meeting place for preschoolers and their parents.

What community benefits will result from your project- the community benefits from the new playground will be many. The playground will benefit both playgroup members the local community and any users of the hall, which in turn will benefit the ratepayers association, making the hall a attractive place for people with children to hold events. Completion of this project by us the volunteers at Huia playgroup will strengthen community ties and interest in the local community for all our members.
