4 **CREATIVE COMMUNITIES SCHEME ALLOCATION - FIRST ROUND 2006/2007**

PURPOSE OF THE REPORT

The purpose of this report is to provide the Creative Communities Scheme Subcommittee with the information they require to allocate funding from the Creative Communities Scheme for the first round 2006/2007.

BACKGROUND

The Creative Communities Scheme is a partnership between Waitakere City Council and Creative New Zealand to disburse Creative Communities Scheme funding.

The purpose of the Creative Communities Scheme is to increase participation in the arts at the local level, and to increase the range and diversity of arts available to communities.

The Creative Communities Scheme Allocation Subcommittee Members have previously been sent a copy of Creative New Zealand's Assessors Handbook for the Creative Communities Scheme. Members should familiarise themselves with the content of this handbook to assist them with the consideration of each application and the allocation of funding.

STRATEGIC CONTEXT

The vision of the strategic platform Strong Communities states "people are active, healthy and content. They feel safe and there is a strong sense of community". Council acknowledges that making, participating, being surrounded by and celebrating arts and culture are integral to the sense of community and wellbeing of the residents of Waitakere City and contributes to this strategic platform.

The Community Outcome for Vibrant Arts and Culture advocates for the community to participate in creative pursuits and to have a deep and wide perception of arts and cultures in the City.

Through the Community Assistance Policy, Council has outlined its commitment to help strengthen the ability of local community groups to create a strong social base for Waitakere City and to meet local needs. Direct financial assistance to providers of arts and cultural projects and activities assists Council's commitment to this policy.

ISSUES

There were 44 applications to round one of the 2006/2007 Creative Communities Scheme. Of these four applications were ineligible as they do not fit the criteria and have been excluded for the following reasons:

- Two because they arrived after the closing date of the fund;
- One because the project occurs prior to decision making and Council cannot fund retrospectively;
- One because it was for equipment, and Council can only provide equipment to community groups that have a legal status, this group did not.

ALLOCATION PROCESS

Eligibility

Applicants must meet all the eligibility criteria set down by Creative New Zealand. All projects eligible for funding must:

- Be arts and/or cultural projects;
- Take place within Waitakere City, and/or produce benefits that are largely experienced within Waitakere City;
- Increase participation in the arts at a local level or increase the range and diversity of the arts available to local communities;
- Benefit local communities;
- Not have started before an application for funding is assessed;
- Not have already been funded by Creative New Zealand for the same purpose.

Funding Criteria

The Scheme has three criteria for allocating funding, which the Creative Communities Scheme Allocation Subcommittee must assess each application against.

Projects should meet **one or more** of these criteria:

1. **Increase participation in the arts;**
The aim here is to support opportunities for active and direct participation in the arts.
2. **Increase the range and diversity of the arts available to communities**
The aim here is to support the presentation of new activities and arts experiences locally and by developing new audiences for the arts.
3. **Enhance and strengthen the local arts sector**
The aim here is to support communities and arts groups to practice and promote the arts locally. This could include funding for training and skills development for arts participants; organisational development for arts organisations; research, information and promotional projects.

Creative New Zealand believes that projects relating to any of the funding criteria will contribute to the development of a healthy and vibrant local community. However, where there is a need to prioritise, it is recommended that priority be given to those projects that increase participation in the arts.

Assessment

The process of assessment can be divided into the following stages:

Determining eligibility: Applicants are responsible for determining their eligibility. The scheme's criteria for eligibility are contained in the application form, this is checked by the Community Assistance Facilitator and any eligibility issues are confirmed with the Creative New Zealand Advisor prior to being put forward to the Creative Communities Allocation Subcommittee for decision making.

Relating eligible applications to the funding criteria: The Community Assistance Facilitator will assess each eligible application in relation to one of the three funding criteria as stated by Creative New Zealand.

Prioritising eligible applications: Once applications have been proved eligible and relevant to the criteria, the Community Assistance Facilitator assesses them to determine their priority for funding. In addition to Creative New Zealand's priorities, the following Council priorities have to be taken into consideration:

- Proposals that are well planned, with clear aims and objectives that the applicant intends monitoring.
- Proposals for which the applicant is contributing a significant share of the funding.
- Proposals involving co-operation, partnership or the sharing of resources between two or more community groups in Waitakere.

Applicants have the option of appearing in person to present applications to the Subcommittee if they are applying for \$3,000 or more. A timetable will be tabled at the meeting advising which applicants will be appearing to speak to their application.

A1-A46

The Community Assistance Facilitator will be present at the meeting to assist the Subcommittee through the process. All applications have been screened for eligibility, prioritised and sorted in accordance with Creative New Zealand's criteria. They have then been summarised and appear in order as attached at pages A1 to A46 to this report. Original applications are available for the Creative Communities Scheme Allocation Subcommittee's perusal at any time by contacting the Community Assistance Facilitator.

Recommended amounts have not been inserted into the appendix documents at this stage, as this will be done after hearing the applicants speak on 18 September 2006 and will be provided to the Creative Communities Scheme Subcommittee at the meeting on 26 September 2006 when the decision on allocations will be made.
