

Manukau Harbour Foreshore

Reserves Management Plan

This document is a Management Plan for the Reserves within Waitakere City that lie adjacent to the Manukau Harbour Foreshore. The Plan has been developed as a guide to the protection, use and development of the Reserves, with an emphasis on managing them and their respective values as an integrated network (in addition to their individual management.) This approach acknowledges the strong interconnections between the land and harbour and provides guidance for managing this particularly sensitive part of Waitakere City and the harbour environment.

The project team is appreciative of the interest shown by residents of Waitakere City throughout the development of this Management Plan and thanks all those who took the time to be involved.

Adopted

August 2001

By the

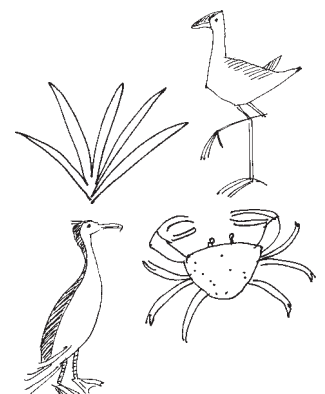

Waitakere and New Lynn Community Boards

(through the Community Facilities and
Recreation sub-committee)

Prepared by

Waitakere City Council

Landscape Development Section
