

New Lynn

Reserves Management Plan

Waitakere City Council
Te Taiao o Waitakere

The purpose of a Management Plan is to:

“Provide for and ensure the use, enjoyment, protection and preservation, as the case may require, and to the extent that the administering body’s resources permit, the development, as appropriate, of the Reserve for the purposes for which it was classified” (Reserves Act 1977).

This document is a Management Plan for the forty-two reserves within the New Lynn area of Waitakere City. This Plan is intended as a guide for the future protection, use and development of these reserves. Funding to implement the objectives of the Plan will be allocated through the Annual Plan process.

The project team is appreciative of all those who contributed to the preparation of this Plan and in particular, those who participated in the consultation process.
