This document is a Management Plan for the Waitakere City Council Reserve located at Bethells Beach – Te Henga Park. The Plan has been developed as a guide to the protection, use and development of the Park, with an emphasis on managing the Park and its respective values in an integrated way.

The project team is appreciative of the level of interest and participation by the residents of Waitakere City and others in the development of this Management Plan. The team thanks all those who took the time to be involved and in particular the Te Henga community.

**Adopted
September 2001**

By the
Waitakere Community Board

Introduction

Te Henga Park is a large, popular, sand dune backed beach, and is the most northerly of the west coast beaches in Waitakere City. It is bounded by the Waitakere River and Rodney District to the north and the rolling Tasman Sea to the west.

- Part 1** of the Management Plan sets out all the relevant background information.

- Part 2** is a complete description of Te Henga Park.

- Part 3** outlines the development proposals for the reserve and outlines Design Guidelines to be considered in any work carried out within the Park. These are illustrated in the Concept Plan and associated sketches and design drawings.

- Part 4** sets out a series of Management Objectives and Policies.

- Part 5** contains an Appendix of reports to assist the implementation of future development options at the Park.
