

As Built Drainage Plan

Building Consent number: _____ Inspector: _____

Owner's name: _____ Drainlayer's name: _____

Site address: _____

Lot number: _____ DP number: _____ Date inspected: _____

Drainage plans are required for all new work and extensions to drains including effluent disposal systems. The plan is to be completed accurately drawn in ink to a scale of 1:200 and must show clearly the street boundary, property boundaries, outline of the buildings as well as the layout of all drains and inspection fillings. Please indicate the scale used if it is different than 1:200. Please ensure that this as built plan is completed prior to the inspection of the drainage work. Failure to comply may delay the approval of your work.
