

SITE PLAN: Page 1

Draw the main features of your site, then: -

- *highlight sites of risk to workers*
- *highlight special conservation sites*

Now go to 'SITE PLAN: Page 2'

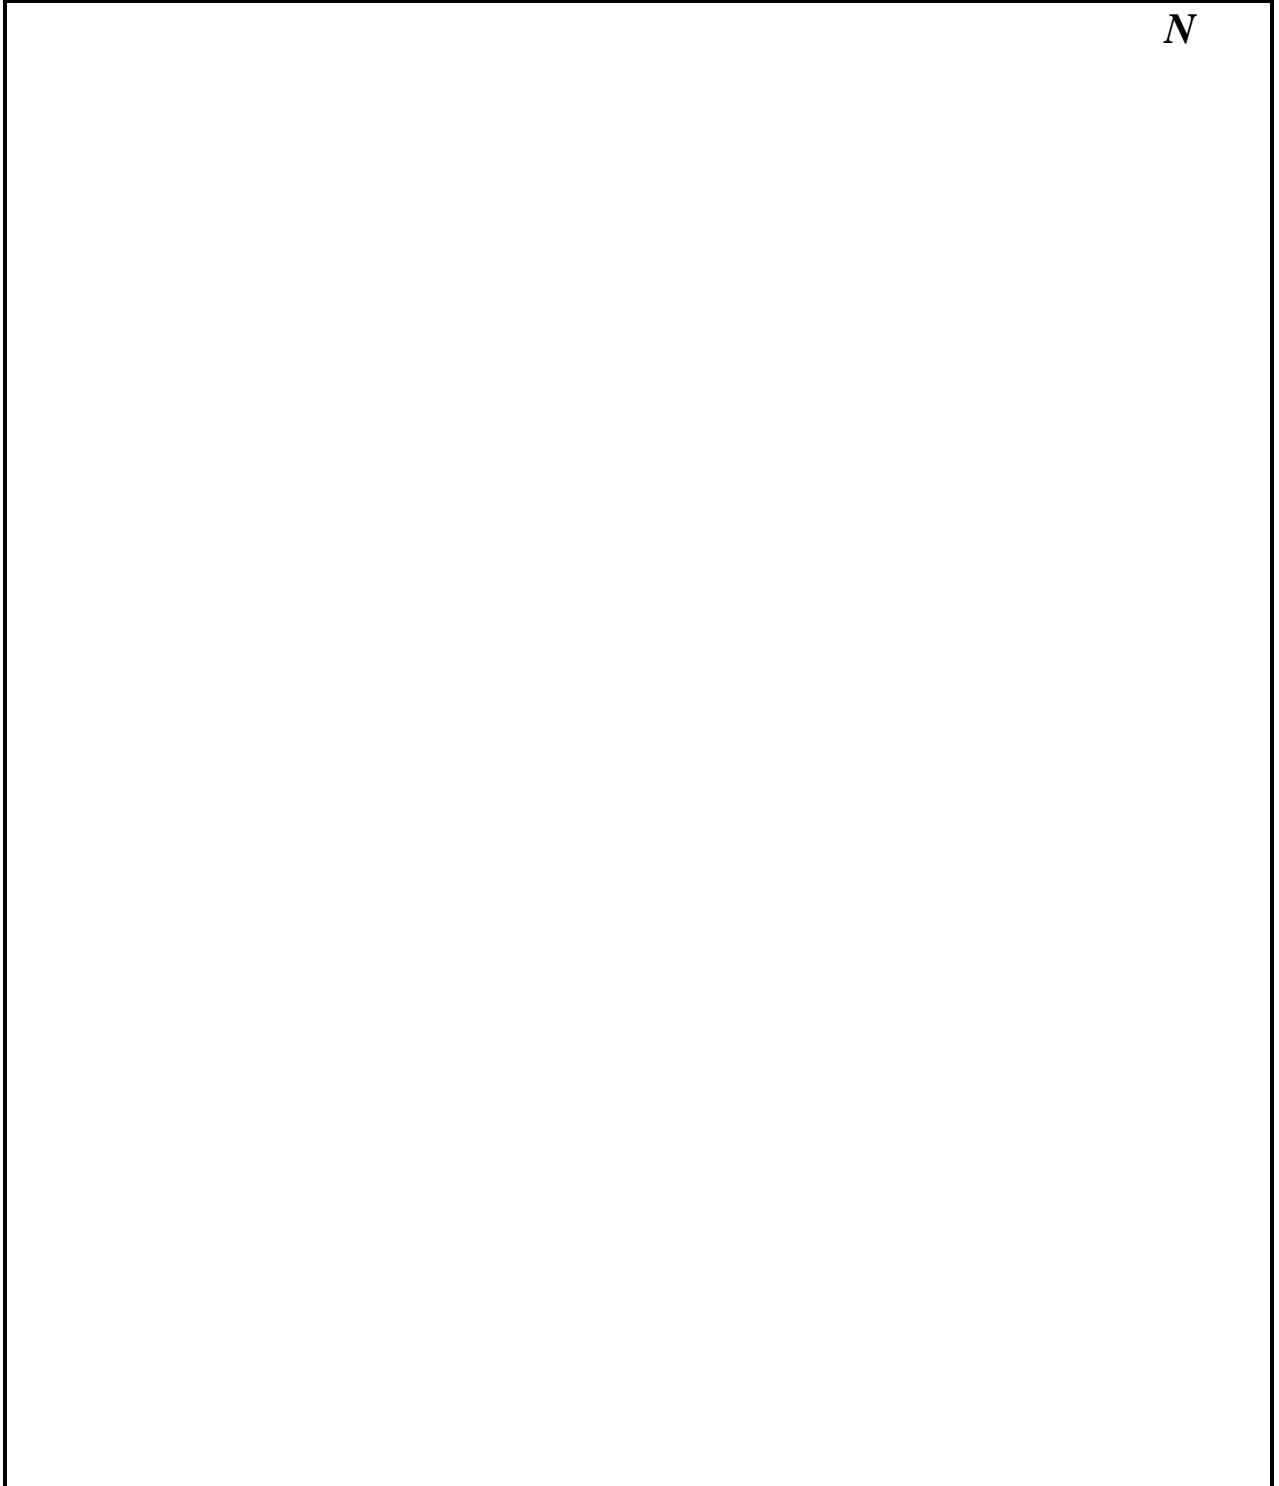

SITE PLAN: *Page 2*

Plan your activities on this page – cross-referencing with ‘SITE PLAN: page 1’

- *highlight areas where you plan to carry out work*
- *highlight pathways and entry points to the site*
- *highlight storage areas, turning areas or any other requirements*

Now with all the site information see the Risk Analysis and Managements System forms.
