

# Oratia and Waitatarua Study Area - Natural Environment Features

**Legend**

- ▭ Waitakere Ranges Heritage Area.lyr
- ▭ Key Roads
- Streams
- ▭ ARC Park
- ▭ Structure Plan Boundary
- ▭ Streamside
- ▭ Revegetation
- ▭ Bush Protection
- 🏠 Restoration Projects
- ▭ Ecological Linkage Opportunity
- ▭ Waterbodies
- ▭ Significant Vegetation
- ▭ Outstanding Vegetation

This map attempts to illustrate the Natural Environmental Features of the Study area. Urban zones have been greyed to reduce clutter, while rural residential zones (Foothills, Bush Living and Waitakere Ranges) have been combined and are in a neutral shade. Outstanding and Significant Vegetation, Structure Plan Planting, and streams overlay the "Rural Residential" zones. The ARC controlled Regional Parkland is also indicated to highlight the location of private land.
