Local Area Planning

- Putting people at the centre of our our thinking
- Places that are good for people
- Thinking in generations not years
- Imagining a vision which defines the the future character, amenity, look, look, shape and function of the area area

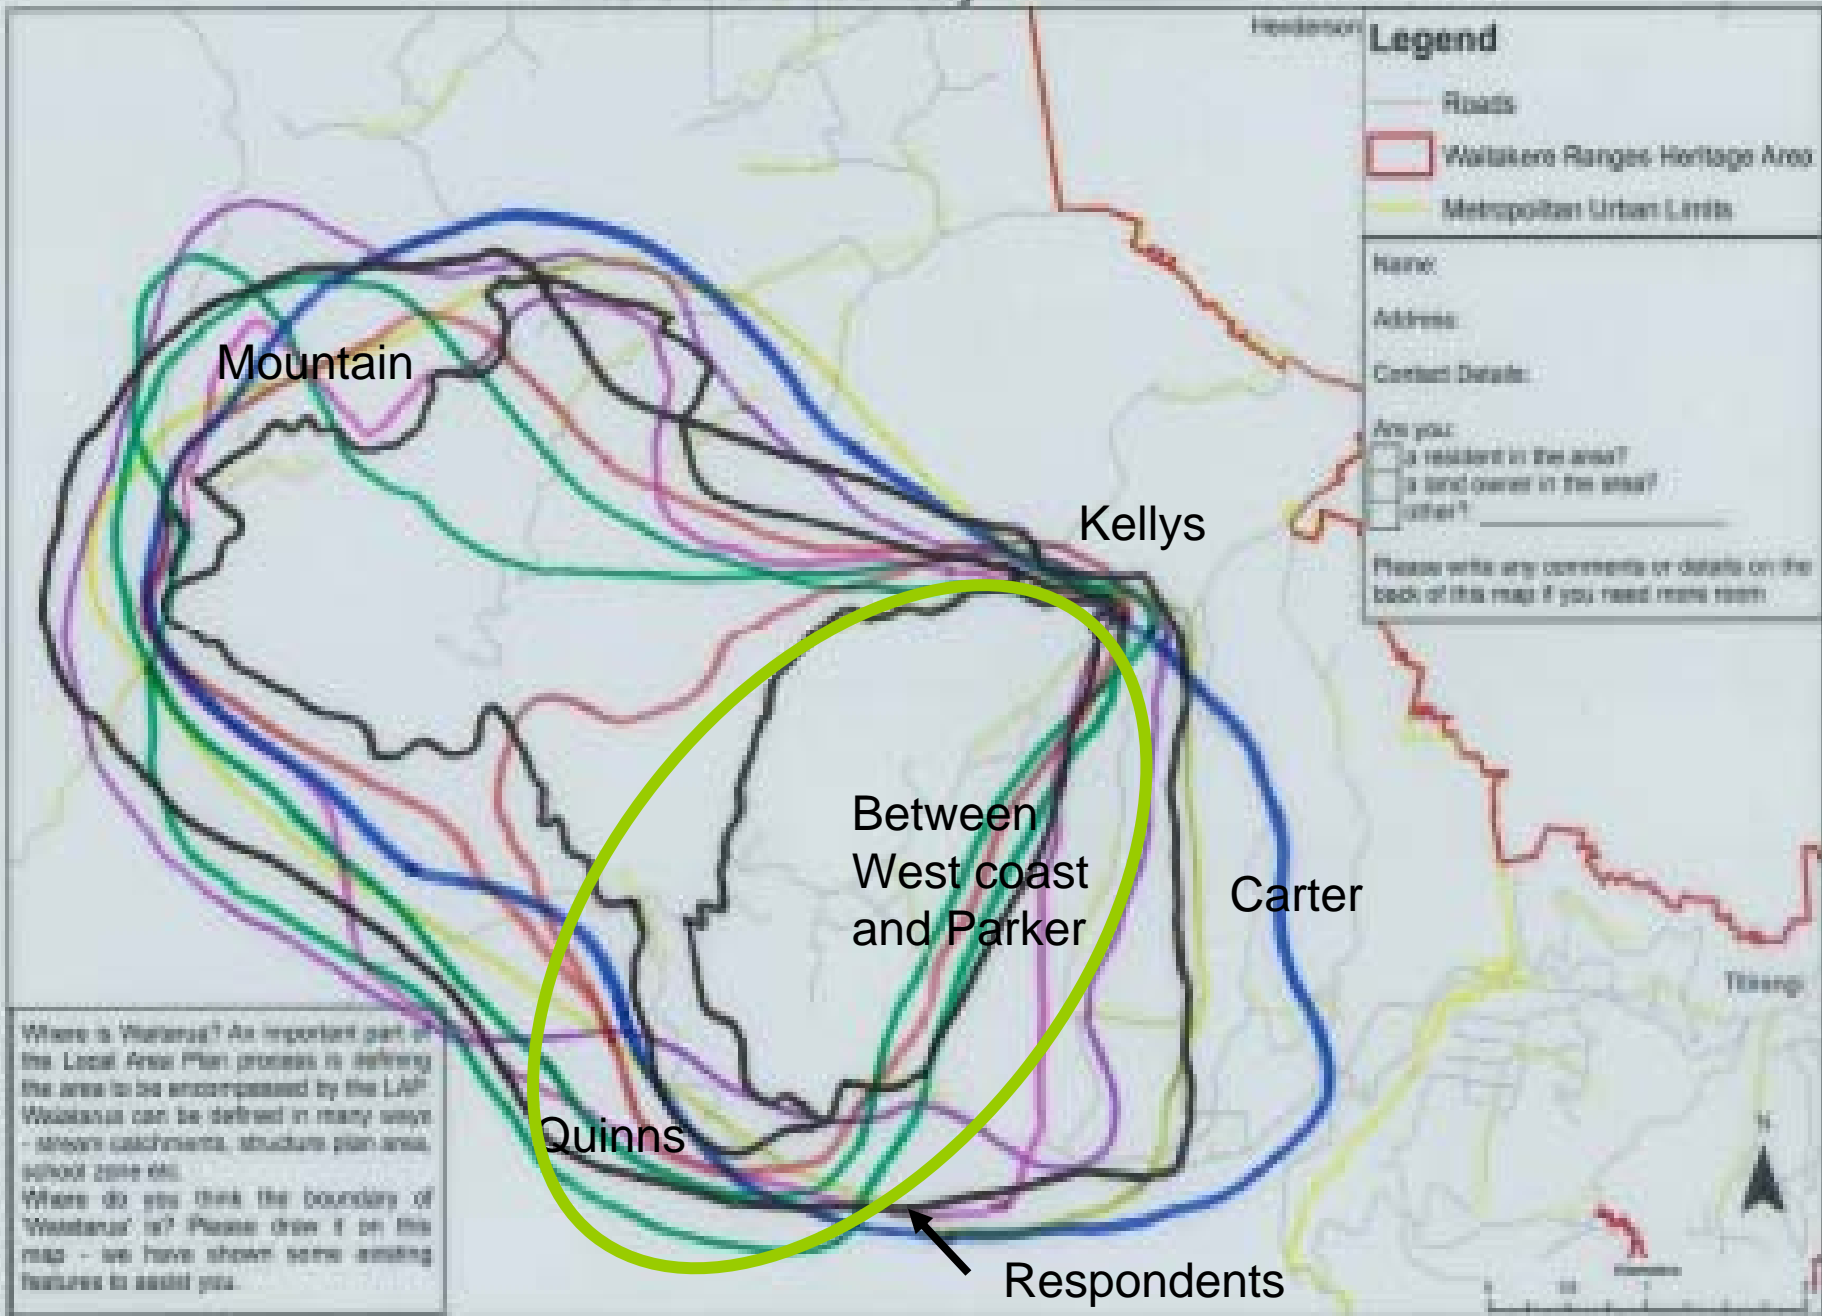

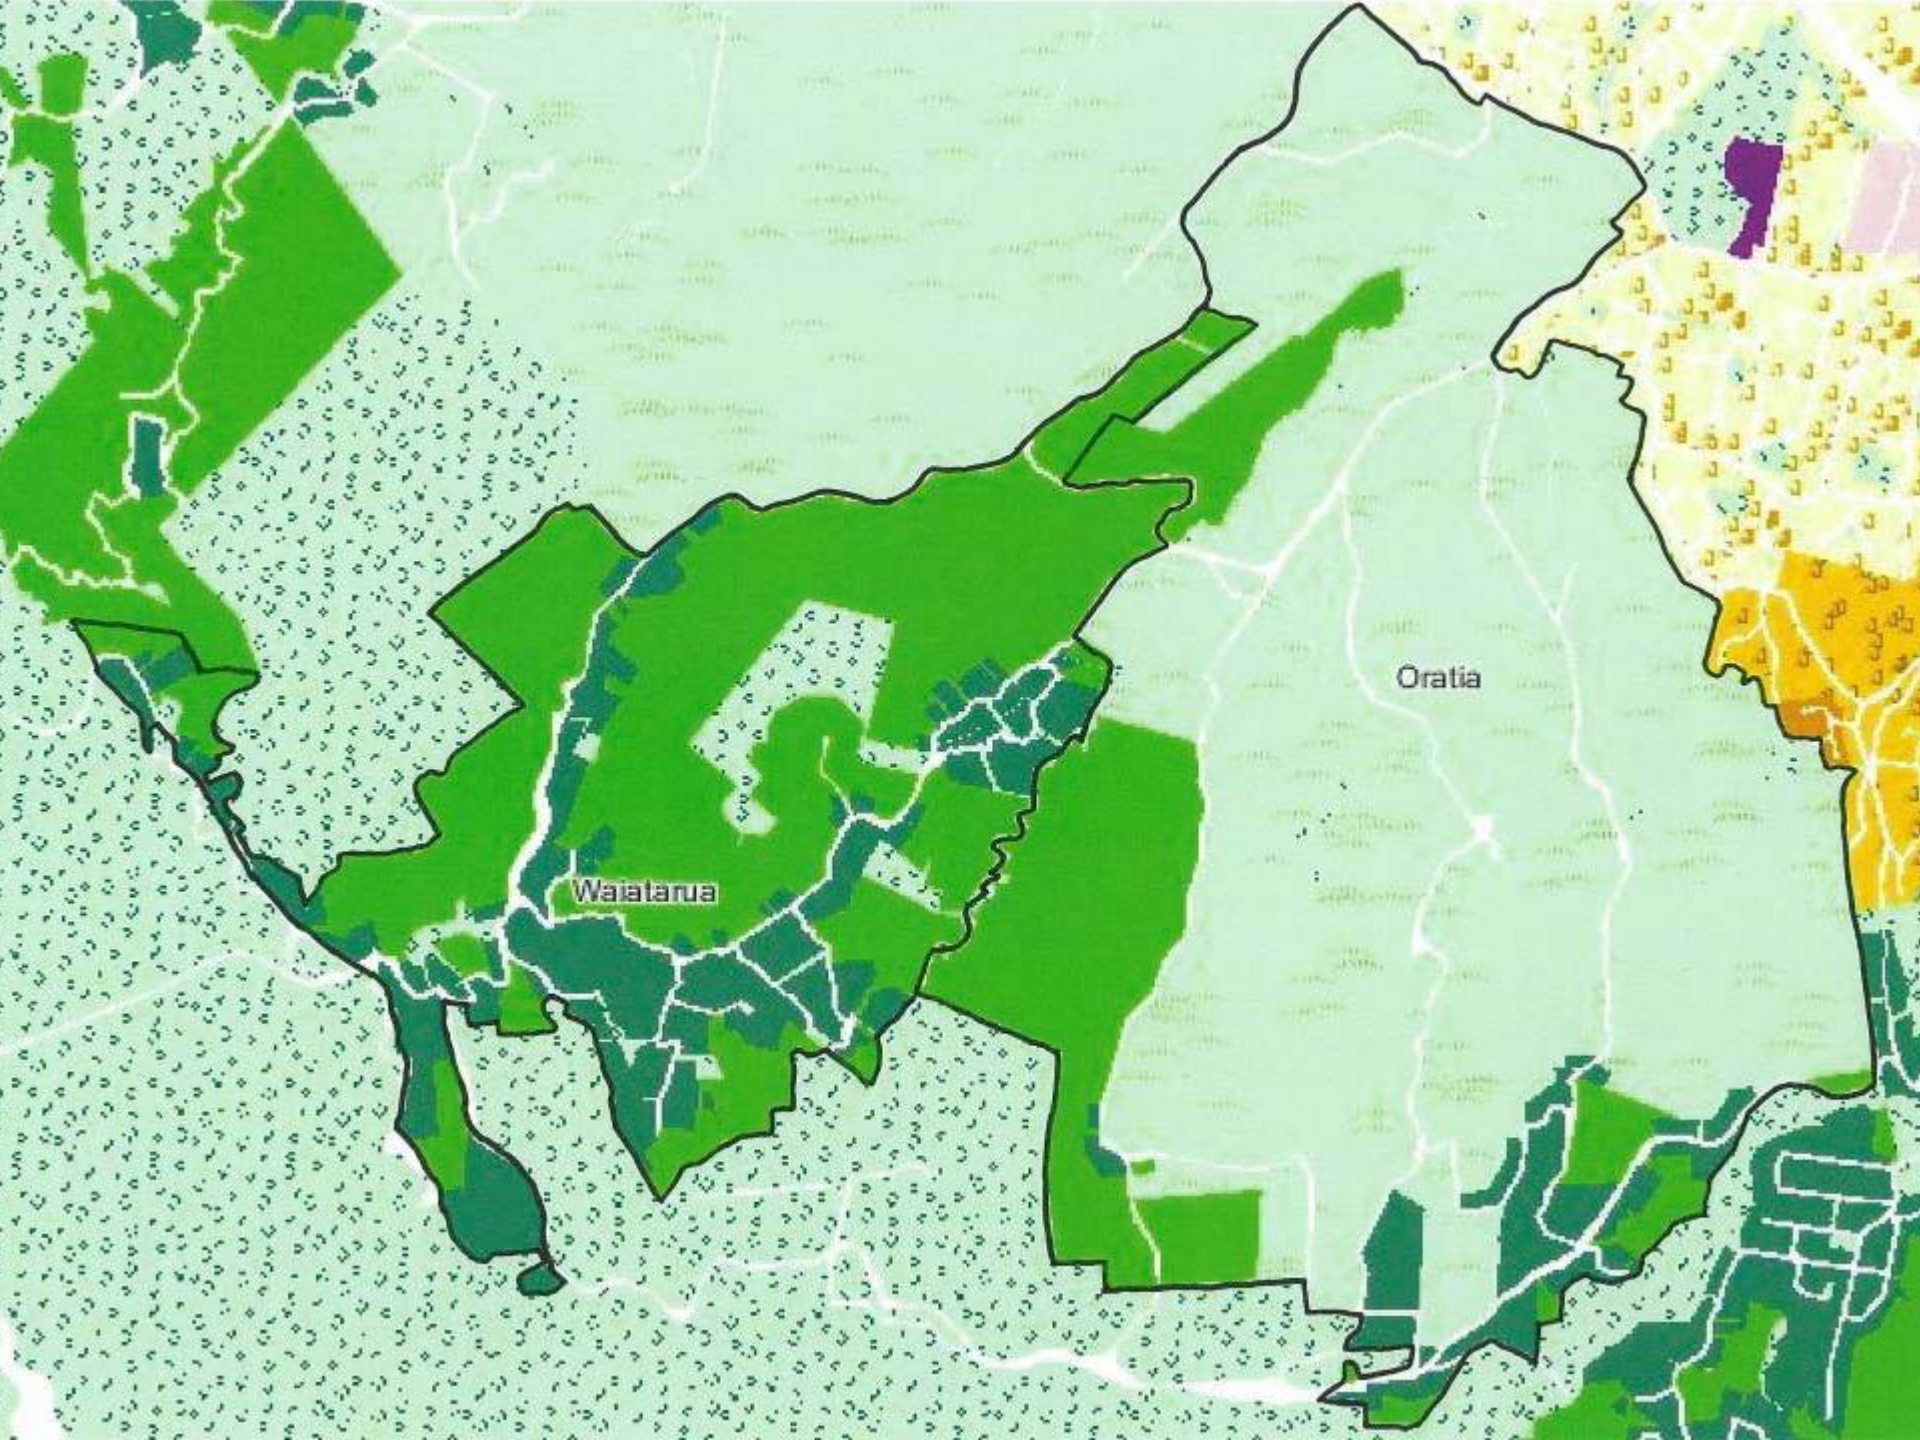

Where is the boundary of Waiaatarua?

Where is Waiaatarua? An important part of the Local Area Plan process is defining the area to be encompassed by the LAMP. Waiaatarua can be defined in many ways - stream catchments, structure plan area, school zone etc.
Where do you think the boundary of 'Waiaatarua' is? Please draw it on this map - we have shown some existing features to assist you.

Respondents

Waatarua

Oratia

Waiatarua in 50 years time

- Keeping Waiatarua as it is
- Buildings being subservient to the natural landscape
- A different residential opportunity from elsewhere
- Living in an increasingly forested landscape

- **The importance of protecting habitats and streams**
- **Weed and pest management**
- **The importance of supporting working from home**
- **Meeting places**
- **Valuing and enhancing what you have**
- **Off road movement**

Planning for the Unimaginable and the unforeseeable
