Location of activity: Te Pai Courts  
Priority: DEV Eligible: Yes

**Proj Details:** Netball waitakere is wanting funding for a feasibility study to make building alternations and extensions to their centre at Te Pai Place. This project is due to the increase in the demands placed on the facilities due to growth in the sport. The Te Pai place is catering for 416 school teams and nearly 70 senior teams. They are also planning a summer league competition from October through to March which has a total of 88 senior teams and 32 junior teams which totals 7272 players and 100 registered umpires and coaches. More than 93% of these participants are Waitakere City Residents. This application is for the feasibility study which includes: background, needs analysis, proposal of works including sketch drawings, quantity surveyors estimates, site analysis, funding and fundraising information, consent issues including carparking, timeline and qualitative assessment also for a current building appraisal and geotechnical report.

**Comments:** Application for the Club Development Fund

**Proj Details:** The school pool was redeveloped in 200 as a 25 metre indoor pool and activity area. Since then they have funded heating, covers, lane ropes and building of an office. They have a partnership with Waterhole Swimming Centre for the use of the pool after 3pm for the teaching of swimming to the general public. They also open the pool to the general public during school holiday breaks and Te Atatu Intermediate and Matipo use is at various times during the year. They currently need a new pool filter to enable these various user groups to continue to use the facilities as the current one is in need of upgrading to cope with the demand. They plan to change from a sand filtration system to a glass one.

**Comments:** This has been withdrawn as does not fit into Club Development Fund and they do not wish to apply for a loan.
