Other Building Consent Related Costs and Charges

1. Fees paid when lodging Consent application are not refundable if the application is not proceeded with except for Inspection Fee and Code Compliance Certificate Fee.
2. Other charges such as water meter connection, street damage deposits, and levies are additional to the above fee schedule.
3. Some applications may also be subject to additional fees under the Resource Management Act, and where Council costs exceed the specified fee an additional fee will be chargeable calculated at the rate contained in the attached schedule.
4. Due to the nature of some applications or the incorporation of specialist services Council may, at its discretion, refer these applications to consultants for checking. The fees and charges incurred will be additional to the fees identified on this schedule and will also incur a 10% administration and handling fee.
5. Where there is a multi unit development of more than two ‘units’ the inspection fee will incur a multiplier of the number of units. Where they are all constructed concurrently they will incur a multiplier of the number of units x 0.5.
6. Development Contributions: Where the application is deemed a ‘Development’ a reserve contribution and other financial contributions will be required, in addition to any fees and charges.
7. In the event of a dispute in respect of the estimated value of building work declared, the value will be assessed by the Consent Services using standard average regional building costs for different categories and standards of building works, using published construction cost guides.
8. Where applications/consents undergo additional checks, e.g. EcoWater, Structural, Fire, Geotech Engineer, or other Specialist inputs, these will be charged for at cost plus 10 % administration costs.
9. All additional charges and Development Contributions are payable within 14 Working Days from invoice date or prior to issue of Consent whichever is sooner.
