Where we are now

Call to Action Review 2006

- **Process - working together going well but hard to measure outcomes (Progress)**
- **Has positive change occurred for those groups who could most benefit?**
- **How can we be more effective?**

Call to Action Review 2006

Current overall Collaboration project focus on:

- **Understanding the issues**
- **How we can make a real difference**
- **Bringing together both our experience and the evidence around good practice**
