**1 APOLOGIES**

**2 URGENT BUSINESS**

Section 46A(7) and (7A) of the Local Government Official Information Act and Meetings Act 1987 provides that where an item of business is not on the agenda, it may only be dealt with at the meeting if:

- (i) the item is a minor matter; and
- (ii) the Chairperson has explained at the beginning of the meeting (when open to the public) that the item will be raised for discussion, why the item is not on the agenda, and why it cannot be delayed until a subsequent meeting; and
- (iii) the Subcommittee resolves to deal with the item.

No resolution, decision, or recommendation may be made in respect of the item except to refer the item to a subsequent meeting for further discussion.

**NOTE:** Urgent Business need not be dealt with now and may be delayed until later in the meeting.

**3 CREATIVE COMMUNITIES SCHEME ALLOCATION - APRIL 2002**

**PURPOSE OF THE REPORT**

The purpose of the report is to provide the Subcommittee with the information they require to allocate funding from the Creative Communities Scheme for the second round of the 2001/2002 allocations.

**BACKGROUND**

The Creative Communities Scheme is a partnership between Waitakere City Council and Creative New Zealand to disburse Creative Communities funding.

The purpose of the Creative Communities Scheme is to increase participation in the arts at the local level, and to increase the range and diversity of arts available to communities.

Subcommittee members have previously been sent a personal copy of Creative New Zealand's Assessors Handbook for the Creative Communities Scheme. Members will need to have familiarised themselves with the content of this handbook to assist them with the consideration of each application and the allocation of funding.

## STRATEGIC CONTEXT

Through its strategic documents, Council outlines its commitment to undertaking initiatives that will contribute to making Waitakere City a safe, healthy place to live and to improving local leisure and recreation opportunities and choices. Direct financial assistance to providers of arts and cultural projects and activities assists Council's commitment to these policies.

## ALLOCATION PROCESS

### Eligibility

Applicants must meet all the eligibility criteria set down by Creative New Zealand. All projects eligible for funding must:

- Be arts and/or cultural projects;
- Take place within Waitakere City, and/or produce benefits that are largely experienced within Waitakere City;
- Increase participation in the arts at a local level or increase the range and diversity of the arts available to local communities;
- Benefit local communities;
- Not have started before an application for funding is assessed;
- Not have already been funded by Creative New Zealand for the same purpose.

### Funding Criteria

The Scheme has three criteria for allocating funding, which the Subcommittee must assess each application against.

Projects should meet **one or more** of these criteria:

1. **Increase participation in the arts**  
The aim here is to support opportunities for active and direct participation in the arts.
2. **Increase the range and diversity of the arts available to communities**  
The aim here is to support the presentation of new activities and arts experiences locally and by developing new audiences for the arts.
3. **Enhance and strengthen the local arts sector**  
The aim here is to support communities and arts groups to practice and promote the arts locally. This could include funding for training and skills development for arts participants; organisational development for arts organisations; research, information and promotional projects.

Creative New Zealand believes that projects relating to any of the funding criteria will contribute to the development of a healthy and vibrant local community. However, where there is a need to prioritise, it is recommended that priority be given to those projects that increase participation in the arts.

## Assessment

The process of assessment can be divided into the following stages:

1. **Determining eligibility**

This is the responsibility of the applicant, who does this by completing the application form.

2. **Relating eligible applications to the funding criteria**

The Subcommittee must assess each eligible application in relation to one of the three funding criteria as stated by Creative New Zealand.

3. **Prioritising eligible applications**

Once applications have been proved eligible and relevant to the criteria, the Subcommittee needs to assess them to determine their priority for funding. In addition to Creative New Zealand's priorities, the following Council priorities have to be taken into consideration:

- Proposals that are well planned, with clear aims and objectives that the applicant intends monitoring.
- Proposals for which the applicant is contributing a significant share of the funding.
- Proposals involving co-operation, partnership or the sharing of resources between two or more community groups in Waitakere City.

4. Applicants have the option of appearing in person to present applications to the Subcommittee if they are applying for \$3000 or more. A timetable will be tabled at the meeting and applicants will be appearing to speak to their application.

*A1 - A27*

The Community Assistance Administrator will be present at the meeting to assist the Subcommittee through the process. All applications have been screened for eligibility, prioritised and sorted in accordance with Creative New Zealand's criteria. They have then been summarised and appear in order as attached at pages A1 to A27. Original applications are available for the Subcommittee's perusal at any time by contacting the author of this report.

## Funding Available

\$98,338.00 has been allocated to Waitakere City from Creative New Zealand for the 2001/2002 year. The funds available for the April round for disbursement by this Subcommittee are as follows:

Total amount received for 2001/2002		98,338.00
Less	5% for promotion	4,916.90
	Funding for Community Arts Councils to allocate	10,000.00
	Arts Development Seminars	8,000.00
	Total amount available for allocation in 2001/2002	\$75,421.11
Plus	Grants returned	\$2,444.44
Less	Total amount available allocated in August 2001	\$40,150.00
<b>TOTAL AMOUNT AVAILABLE FOR ALLOCATION IN APRIL 2002</b>		<b>\$37,715.55</b>

### **Accountability of previous grants**

Accountability reports are due one month after the completion of a funded project. Any applicant with outstanding accountability for previous funding is ineligible to apply for further funding until the accountability has been met and such applicants have been notified accordingly.

### **CONCLUSION**

Applications have been sorted in line with the process, as described in the body of the report, for the Subcommittee's consideration.

### **RECOMMENDATIONS**

1. That the information be received.
2. That the Subcommittee allocate grants in accordance with the guidelines and make their recommendations to the next Finance and Operational Performance Committee.

Report prepared by Joanna Connolly, Community Assistance Administrator.

**Proj Summary:** Culturally focused art experiences

**Proj Details:** We are seeking to create a more culturally appropriate and inclusive environment which mirrors that of our diverse community. Currently our family corner and dramatic play areas are very monocultural which doesn't support families' home environments, language or the culture to sustain children's and families' heritages. This project is will explore children's culture by offering art experiences which allow for a greater understanding and true inclusion of cultures, for example brining in visitors such as Kapa Haka groups or parents to share their cultural art knowledge to allow us, as a teaching team, experiences to build on.  
 Families from Waitakere City areas, such as Glen Eden, Te Atatu, Kelston, Henderson and Massey, belong to the Avondale Kindergarten and would therefore benefit from this project.

**Proj Summary:** Theatre Workshops

**Proj Details:** To run a series of theatre workshops for teenage drama students throughout schools in the Waitakere Region. The workshops will be based around the particular needs of the schools drama and English department. Some of the workshop options are: Working with text; Physical theatre and vocal dynamics; Outdoor/street theatre performances; Devising and writing; Camera and devising; and Theatre history.  
Two workshops of two hours each per school are planned, culminating in a showing. Each programme will be delivered in Pandemonium's creative and dynamic style, encouraging students to discover their own creative potential. One of the many objectives of the project is to connect with and reach schools who have a limited budget and who, without financial assistance, could not offer students a programme of this kind.

Proj Summary: Dramatic Play

**Proj Details:** This project will involve the children in a Dramatic Play with a cultural theme. The group is planning to purchase Maori, Pacific Island and other ethnic costumes, as well as a variety of cultural music. Through this play the awareness of various cultures will be raised within the kindergarten, fostering a sense of well being. The children will be able to dress in the costumes and perform traditional dance routines using the music which will include music in Te Reo Maori. This project will raise the awareness of the children to both drama and dance, as well as to Maori and Pacific Island cultures. It will also provide a new and fun way to involve the children in Te Reo Maori. Through this medium the children will be introduced to new art experiences in a manner that is appropriate to their age group.

**Proj Summary: Festival**

**Proj Details:** In 1999 we became aware that local primary and intermediate schools would benefit by participating in a friendly, competitive cultural festival. Our hope that this festival would encourage cultural participation within schools, has been met with great enthusiasm and this is now an annual even which is generating significant interest. We are particularly encouraged by the involvement of Pacific Island cousins. We believe our festival provides for an environment for acknowledgement of all cultures. As hosts we believe the community will benefit through the continued development of the Maori language and culture.

**Proj Summary:** Trash to Fashion Children's Workshops

**Proj Details:** The is the quality of the entries from children and young people in Council's popular Trash to Fashion Awards is an area that has been identified as needing development. CEAC has taken on the role of organising a Trash to Fashion school holiday mentoring/tuition programme. The aim of the programme is to help bring the young people's ideas to fruition. This would be achieved through tutoring from experienced costume designers; meeting and talking to previous award winners; and specialist tuition from people who can help them with the details such as make up and choreography. The Environmental messages around the show will also be incorporated as an education component to the programme.  
There will be two four-day workshops, one for primary and intermediate students and one for high school students.

**Proj Details:** Class Act Opera will be touring all schools in the Auckland Region with the comic opera "The Elisar of Love" by Donizetti. There will be two versions of this opera, one for primary schools and one for intermediate and secondary schools. It has been found in the past two years that there has been an increasing demand from Waitakere low decile schools to see our operas. An increased grant from the Council is requested to subsidise performances to these schools to enable more children to see this art form in a way that is suitable to them.

**Proj Summary:** Corban Estate Arts Centre Photographic and Video Project

**Proj Details:** The aim of this project - in conjunction with the CEAC, is to photographically document the Corban Estate as it appears today in transition from its former life, as the home and business of one of the areas prominent pioneer families, into its future role as a community arts centre.  
The photos will be in black and white and colour. They will record architecture, interior, signage, textures and elements of the estate as it stands. On completion of the photographic record, selected photos and historic images sourced from the Corban family, will be scanned and these will then be compiled into a video sequence - fading from one to the next - a mixture of old and new. The imagery will be accompanied by a soundtrack of sound-bites, including family members recalling their memories of life on the estate and pieces of music from the family collection, conjuring a sense of the winery in its hay day as a family concern.  
The video work will play continuously on a video monitor in one of the proposed galleries in the homestead during the Corban Centenary Exhibition, which runs for 6 weeks. The works will provide an important visual dialogue of future benefit to historical and community groups.

**Proj Summary:** Creative Careers Day

**Proj Details:** All 14-20 year olds living in Waitakere City who have an interest in pursuing a career in the arts will have the opportunity to meet twenty inspiring creative people under one roof. CEAC will be approaching artists who have succeeded in developing an arts based career path who will be keen to impart useful knowledge to students planning their future. The Careers Day will offer information that is relevant to today's workplace, in an environment that is safe, stimulating and encouraging. Small groups of students will have the opportunity to ask questions that they may not have had in a large group. Useful contacts will be established and mentors may be initiated. 500 students and school leavers are expected to attend. The 20 artists would be group within the following four zones: Visual Arts 2D; Music and Radio; Film Television and Theatre; and Visual Arts 3D. Because teenagers are the hardest market to impress the environment will be dressed appropriately using state of the art audio visual technology. The local polytechnics and other tertiary institutions providing for the arts will be invited to provide information stalls.

**Proj Summary:** Multicultural oral history project

**Proj Details:** Waitakere City has more than 60 ethnic communities, speaking more than 30 languages. The purpose of this project is to capture on tape the heart and soul of those ethnic communities who came to this country over the last 40 years, from different parts of the globe. Their childhood memories, their journey to New Zealand, their struggles and triumphs in their adopted country are stories that will die with them unless we capture them on audio record. The Waitakere Multicultural Society members are willing to give up their time to carry out this very worthwhile project on a voluntary basis if the funding is made available to purchase the basic equipment. A project such as this will also be of immense value to researchers and historians, who are hoping to publish stories on our immigrant nationalities and their rich cultures. Once the recordings are completed the tapes will be offered to Waitakere City Council Libraries heritage collection.

**Proj Summary:** Facilitated Workshop in Costume Design

**Proj Details:** Funding is applied for to run several Costume Design Workshops for young people between the ages of 15 to 18. The Workshops will be run by Jo Torr, an experienced fashion tutor who was the creator of the exhibition entitled 'The Gaugin Suite' which combines historical Victorian and Pacific Island costumes to create a new hybrid style premised upon the notion of cross-cultural exchange. This tutor would assist students to work directly with their materials onto a 3D form providing the opportunity for young people to actively engage in the design and making processes.

**Proj Summary:** Workshops to Train Volunteers

**Proj Details:** There is a lack of trained personnel due to Playhouse Productions being in recess for the previous two and a half years following the uncertainty of proposed renovations to their building. Now that renovations are underway there is a need to train up volunteers to run various departments vital to the smooth running of theatrical shows and performing arts in general. This project will consist of five separate workshops, all to be conducted by well known professionals who are experienced and qualified in the theatrical industry. The proposed workshops are: Set/Properties Design and Construction; Lighting and Sound Design; Wardrobe Creation/Costumes/Stage Make-up; Stage Management and Production Management; and Directing and Acting for the stage. By running these workshops they will be helping to maintain the quality of productions in West Auckland, increasing local amateur theatres' skill base and helping to maintain audience participation in the performing arts. It is also hoped that younger people will be attracted to the theatre and this group will be encouraged to attend the workshops. Participants from other theatre groups will also be encouraged.
