Project Summary: Short video clips of activities associated with Ark in the Park

Project Details: During Spring and Summer 2009/2010 this film project intends to film various activities that take place at Cascades Kauri Park. Stage one: The material will be edited into short video clips that will be made publicly available through the website to encourage public feedback and involvement with the project. Stage two: a series of twenty minute episodes allowing more narrative and in-depth perspective on the project. These will be available for television, schools and educational displays. Subject matter will range from practical aspects of maintaining a mainland island (trapping, bird-catching, bird releases, native flora and fauna, pests, diseases) and exploring personal perceptions (oral histories, volunteer and visitor perceptions and iwi). Filming will be interactive, maximising input from a broad range of the community.
