Property owner: _____
(Name as per rate account)

Property address: _____

Mailing address: _____
(If different from the property address)

Contact telephone number: _____ Email address: _____

Details of Proposed Installation

Size of tank: _____ Quoted cost: \$ _____ Name of plumber: _____

Proposed water use: _____

Conditions of Rebate:

1. Preference will be given to installations being retro-fitted to existing houses and also to problem catchments where the tanks will be of benefit for reducing stormwater runoff.
2. Subsidy does not apply to rural properties where a rainwater tank is needed as the primary water supply.
3. Subsidy does not apply to new developments where a stormwater connection is not readily available – i.e. where a raintank is the only sensible method of disposing of rainwater and allows a Building or Resource Consent to be granted.
4. Minimum tank size for the subsidy is 2000 litres (528.5 gallons). Larger tanks are preferable – this depends on the roof area and water demand.
5. Tanks shall be privately owned and serve only one house.
6. Tanks must be installed and maintained according to manufacturer's recommendations and Council guidelines.
7. Tanks must be plumbed into house systems correctly, including an approved backflow prevention device. (Household plumbing work requires a registered plumber and Building Consent). The Council will pay for associated consent costs.
8. Rainwater must only be used for approved purposes (e.g. to supply toilets, laundry and garden) and at all times the use must comply with relevant legislation.
9. Waitakere City Council is able to use photos and details of the installation in any promotional material.
10. The offer is limited to the maximum number of rebates per year (1 July 2008 - 30 June 2009) for the customer's preferred tank size selected (as listed below):

Tank Size	Rebate Size	Max. number of rebates/year
4500 litres and larger	\$500	50
3000 litres and larger	\$300	30
2000 litres and larger	\$200	20

I, _____ property owner of _____ agree to the rainwater tank rebate conditions stated above and wish to apply for a \$____rainwater tank rebate. I am aware that my rebate will not be released until installation of the tank occurs. I agree to submit to Council proof of tank purchase, Council Code of Compliance for Council permits & evidence of installation by a registered plumber.

Signature: _____ Date: _____

To receive your selected raintank rebate offer: Prior to installation please mail your application form with details of proposed installation to:

Waitakere City Council, Rainwater Tank Rebates, Private Bag 93109, Henderson

Application must be made prior to installation of the tank. The rebate will not be released until the receipt, Code of Compliance and Building Consent is sent in and completed.
