

# Dads & Babies: *The Seminar*

Wednesday 2nd September  
7.30pm - 9pm

Kelston Community Centre  
Cnr Great North Road and  
Awaroa Road, Kelston

*Harald  
Breiding-Buss*

Presenting:

A 90 minute  
seminar *for*  
parents of  
young children

- What babies learn from dads: latest research...
- How babies' brains develop to different stimulation...
- Men and women: how children thrive on the differences...
- Attachment and relationship-building for babies and dads
- Male and female role models: is your baby getting enough of both?

## *Did You Know...?*

- Dads' hormones change when a baby is born!
- 18mth old children with lots of father time have better problem-solving skills!
- Father involvement in early childhood protects against teenage pregnancy!

*Harald Breiding-Buss is National Coordinator of the Father and Child Trust. His background includes natural sciences, early childhood education and parenting education. Harald has run many workshops and courses for and about fathers and pioneered research and services on teenage fathers in New Zealand.*
