

Make Music with Dad

A fun workshop opportunity for dads and kids as part of Focus on Fathering Week

Have fun making and playing music. No prior knowledge of music required.

Fraser Bruce is a multi-talented musician, ingenious musical instrument maker and inspiring music educator. He is also an accomplished drummer and leader of Mhara (a Zimbabwean Marimba group). His studio is a diamond mine of instruments in different stages of construction.

This is a unique opportunity for dad's to get some great entertaining ideas for those winter days – and to have a ball. Mums welcome – if you bring Dad along!
